THE MORGAN GARDNER BULKELEY HIGH SCHOOL

FOREWORD

HESE four years at Bulkeley have enriched our minds with knowledge and our lives with never-to-be-forgotten friendships. As a river must eventually flow into the sea, so we must now leave these sheltering halls and

join with the other peoples of the world in their march toward international peace.

Classes before ours have been confronted with grave problems; ours, however, is the problem to end all problems — that of world salvation. We are within a stone's throw of Utopia, yet there is a gap separating us. It is the gap of suspicion, greed, and intolerance: at its foot is self-destruction. We have the materials to build a bridge across that gap: our own common sense will serve as the tools; the steel girders are justice, freedom, and faith in mankind. We have a bridge to build. We shall build it.

There are many incidents of our high school career which will slip your minds as the years pass; the purpose of this Class Book is to give these memories a permanent position, always within your reach. If in the future, as you glance over these timeworn pages, a smile steals across your lips, our efforts in preparing this book will have been repaid to the maximum.

To our parents whose generous sacrifices have made this day possible; to Dr. Feingold for his excellent advice and aid; to the entire faculty for their sincere interest in us, and especially to Miss Potter for her kind encouragement and invaluable assistance; to Miss Safford, Lorraine Blesso, Biaggio Rucci, and the art staff for their fine work displayed throughout; to the typists Dorothy Hartwick, Lorraine Brown, Barbara Celentano, and Angela Metropolis; to Roy Madeia for his fine sports write-ups; to all those who have contributed candid camera shots, with special credit to Thomas Spano; to the office staff for their cheerful assistance; and to the many other people who aided us in compiling this Class Book—our sincere and grateful thanks.

OUR PRINCIPAL'S MESSAGE

RADUATION from high school is a time for felicitation and cheer. It is then that principals and teachers congratulate parents on the successful achievement of their sons and daughters; it is then that they wish the young people success and renown in the world of affairs. This is as it should be, for if the four years spent in high school have been put to

good use, the young graduate is deserving of much commendation and encouragement.

It was during these four years that he was exposed to new worlds and, for the first time, came in contact with phenomena which he did not suspect existed anywhere in nature. He was exposed to the natural sciences which revealed to him the world of microscopic life, and the study of the physical sciences introduced him for the first time to the immutable laws of the universe. Nor should we omit in this connection the better understanding acquired through the formal study of art and music,

history and literature, commerce and handicrafts.

The young graduate, however, must not make the mistake of thinking that having been exposed to these few fields of knowledge, there is nothing left for him to learn. He must not overlook the fact that in many schools graduation is called "Commencement." The reason is that graduation is not the end of some hing so much as it is the beginning of a new life — a life in which he will no longer be under the daily supervision of teachers and parents. The boys and girls who were his companions in high school will now be scattered, and he will be obliged to make new acquaintances and to win new friends. If he goes to college, he will find that, for the first time in his life, he will be competing with other students of his mettle and ability. In high school he was able to excel probably half of his classmates; in college he will have to do his best to keep up with his classmates.

If he is going out into the workaday world, the high school graduate will have to make adjustments to new people and new situations, to others who are older and more experienced than he. He will find the business world cold and heartless on certain occasions and it will be up to him to suffuse it with warmth and cheer. He will have to have faith and hold fast to the ideal that people can be human even

when they are driven by the cold necessity of earning a living.

There is one mistake, however, which many a high school graduate makes and which, I hope, will be avoided by all members of the Class of 1947, and that is the mistake of thinking that he has all the knowledge he needs. This is a dangerous illusion which every intelligent person must avoid. Life in America is too much in flux for anyone to stop learning at any stage in his career. It is different in countries where the caste system exists and where the children are confined to the beaten paths of their parents. In a democratic country there is constant change in the political and economic life of the people. To keep up with this change, everyone must keep himself informed through reading and study. No young person should, therefore, turn his back on learning when he acquires a diploma. To him Graduation should be what it really is — another Commencement.

CHAIRMAN'S ADDRESS

PARENTS, TEACHERS, FRIENDS:

For a long time we, the Class of 1947, have been waiting for our own Class Night. Tonight it is my privilege as chairman to welcome you all on behalf of my classmates, who have labored so hard in preparing this informal program. We invite you to join us in reviewing the lighter side of our life.

Our four years at Bulkeley, although happy and pleasant for the most part, were strange ones indeed, three of them being overshadowed by a terrible second World War. We were all very thankful when it was terminated for our Senior year, and we could finish our course without the strain that goes with winning a war.

Tonight our Historians will try to give you a synopsis of our class and how it grew. They will try to make you understand why we have been so happy here at

Bulkeley, and now that we are leaving it, why we are so sad.

I am sure the members of our class will burn a vivid mark across the future, when we become the "empire builders" of tomorrow. Who knows, perhaps one of the boys, or even one of the girls sitting before you now, will some day be your President. This we do not know now, but soon our mystic and mystifying Prophets will make some revelations astonishing to us all. The Class of 1947 will long be remembered for the wonderful things it will bequeath to the fortunate classes succeeding us. These, our Testators, will pass on before we close our earthly life as a class here at school.

All this and more we ask you, parents, teachers, and friends, to share with us as we enjoy our Class Night program together.

CHART YOUR COURSE

EACE. A soft word, a gentle word, a word of sweetness and of light. Peace. A strong word, a true word, a word of promise and of joy. Peace. The world that heralded the dawn of Christianity over nineteen hundred years ago when the skies over Bethlehem glowed with a celestial light and a heavenly choir made the night beautiful with

its melody. And the burden of the song was peace. "Peace on earth to men of good will." Peace.

Yet, in every age war lords have risen to power at a tremendous cost of life and property; have strutted their arrogant way across the stage of life, and then passed on to become but a name in the pages of history. And through it all, the heart of man longed for peace; the soul of man prayed for peace; and the mind of man worked for peace.

But there is no peace — merely a cessation of war. So frequent have these conflicts become that we can no longer find descriptive titles to fit them but have been reduced to the necessity of labeling them numerically, as World War I, World War II. Nor are we able to confine ourselves to one hemisphere in our struggles; but like the moving picture theatre, we now run a double feature — "the European Theatre of Operations" and "the Pacific Theatre of Operations."

The world has marched steadily forward along the road of science, the road of education, the road of social legislation, the road of literature, of art, of medicine; but the path of peace is still a path — a path so choked by the brambles of suspicion and misunderstanding, so darkened by the clouds of envy and pride, so narrow, so lightly traveled, so poorly posted that men lose their way, and before long become involved in difficulties that can lead to but one conclusion — war.

It is the duty of this, our generation, to clear the path of peace, to broaden it into a modern highway; a highway on which there will be room for all nations both large and small, strong and weak, to travel in safety; a highway on which steep hills, dangerous curves, and deceptive detours will be clearly marked; a highway that will be adequately and intelligently patrolled by men or nations above bribery and corruption.

And how shall we begin the construction of this highway? First, we must uproot and cast out the philosophy of war. We must stop acting as though war were an extraordinary happening that comes as a complete shock, when the plain fact of the matter is that war is and always has been the most accepted form of adjusting international difficulties. Next, we must blast out the mistaken notion that all that is needed to end war is to describe it in all its horror; to make people uncomfortable when they read about it. For hatred of war is not enough. There is nothing either original or effective in this approach. From Homer down to our own Hemingway, there has been a steady stream of literature describing war as "terrible" and "atrocious." From 1919 to 1939, it was the popular belief that if we could shudder and squirm enough when reading of war, we would have peace. But the war came anyway, not only in spite of this anti-war literature, but perhaps because of it. Let us, therefore, write no more of war; let us write of peace.

The second year of peace now draws to a close, yet we still live in a world of war. There are over seventy-five thousand daily newspapers in the world, one-half of which are printed in the English language. Three-fourths of the news articles of these papers are devoted to the subject of war. We think war; we talk war; we dream war; yet we naively hope for peace.

Napoleon once said, "The best recipe for peace at home is a foreign war," and after observing the speed with which America closed her ranks and presented a solid front to the world after Pearl Harbor, it must be admitted that there is some measure of truth in the statement.

At that time, every newspaper, radio station, and lecturer stood loyally behind the war effort. They aroused the people to such a peak of military and industrial accomplishment as has never been witnessed before. These same editors, writers, and commentators are still with us. They did a magnificent job in presenting the dramatic subject of war. Let us see what they can do with the more elusive subject of peace. Let them dramatize the United Nations meeting as they dramatized Casa Blanca, Teheran, and Yalta. Let them report these meetings so skillfully, so brilliantly that they will catch and hold the interest of the man on the street, the woman in her home, and the boy in his classroom. Let them warn America that in the past

hoping for peace was not enough; treaties and guarantees were not enough; getting the tools of war out of sight was not enough; disarmament was not the answer; neither was armament.

Let them educate the American people to the point where they can appreciate the necessity of building up a limited federation with international power of its own, not subject to veto power or secession of any nation and with absolute control over atomic energy. "If we can get this," says Leo Cherne, "we have begun to eliminate war as an accepted social institution. If we do not, then the next war is as certain as the last."

Once the Union Pacific was threatened with bankruptcy due to the decline of passenger traffic. President Edward H. Harriman, father of Averell Harriman, was faced with two alternatives. He could go to his stockholders with a detailed report as to why the road was on the verge of dissolution; or he could dream up some way of making travel on the Union Pacific a "must" with the general public.

The first alternative was a simple, routine matter with the accent on defeat, incompetency, failure; the second meant months of planning and construction, the expenditure of huge sums of money, and the selling of a new idea not only to his stockholders, but to the traveling public as well. Harriman chose the second alternative. The result was Sun Valley and prosperity for the Union Pacific.

We, too, are faced with two alternatives. We can pass on to the next generation, stockholders in America, United, a world so seething with unrest that it will explode in their faces as it did in ours; or we can build up our own Sun Valley — a Sun Valley of Peace. Peace at home; peace abroad; peace on earth to men of good will.

In the name of the great Prince of Peace, therefore, let us chart our course and go ahead, steadily, toward peace.

CLASS ESSAY

THINGS TO REMEMBER

UR high school days are over. All that now remains of four of the most wonderful years of our lives is the many memories we have. But what memories they are! The enjoyment we have crammed into our high school days will be the source of much pleasant reminiscing when we are quite old and gray. However, we have gained a great

deal more from these last four years than some happy recollections.

We have learned much useful knowledge. We now know that the square of the hypotenuse is equal to the sum of the squares of the sides; that in Caesar's day all Gaul was divided into three parts; that one should not spill sulfuric acid on oneself. We can also recite the first six lines of Vergil's "Aeneid," and name the members of the President's Cabinet (as of 1946, when we learned them). All this is Very Useful Information which will someday stand us in good stead, whether being the means of our earning our future salaries of fifty thousand dollars a week, or the winning of a refrigerator on a radio quiz program. This knowledge is the basis of our education.

But other things we have learned will probably contribute more to our happiness and success in the world we are about to enter, and it is of these things that I speak.

We have learned to think more clearly. Nowadays, teachers are more concerned about encouraging pupils' thinking than correcting marking period tests or implanting in the pupils' minds the dates of the Punic Wars. Through classroom discussions pupils may freely exchange opinions or air their views on important and controversial topics without fear of ridicule or embarrassment. Thus the seeds of misunderstanding, contempt, and bigotry, which are the roots of most controversial issues, are checked, and the foundations of our philosophies of life are laid. Such has been our experience. We are now emerging from high school with more mature judgment and the ability to think more deeply.

From our classmates, we have gained a better understanding of human nature. In our grammar school days, we were all more or less cut from the same pattern. However, within the last four years we have developed marked differences in our temperaments and personalities. Because of our association with each other we have come to appreciate our individual traits and to understand better others' peculiarities. Consequently we are better equipped to understand the people we shall meet in the adult world, and we shall undoubtedly profit from our friendships by getting along better with everyone with whom we may come in contact.

This brings us to the lesson in friendship we have learned. In our younger days our "best friends" were all-important and all-possessive. We went nowhere without our closest pals; we kept no secrets from them except at the risk of a bitter quarrel ending with, "I'll never speak to you again," "never" usually lasting about two weeks. However, in high school we have derived a deeper meaning from friendship. We demand less of our friends and gain more from them. Our friendships are now based more on sympathy of ideals and tastes. Thus we more deeply enjoy sharing our experiences, whether they be a skating party or a discussion of the relative merits of socialized medicine. The feeling of comradeship which we get from an intimacy with a "kindred spirit" gives us a sense of satisfaction and maturity.

The lesson of cooperation which we have learned is one of our most valuable acquisitions from high school. After working together on various committees, on the athletic field, and in our club activities, we have realized that the success of our project is the important thing and that we must all do our best to make our affair the best ever. Through our own experience we have learned that if one committee member does nothing while another attempts to take care of everything, our dance is not a great success; if our football stars "play for themselves," the game is forfeited. This feeling of teamwork which we have achieved will undoubtedly be invaluable to us in the future.

Upon reviewing all these lessons of our high school days we see that they have all been the homework of one subject — Growing Up. Our actions in the adult world will be the final test. If we show ourselves to be mature, we shall have passed the course well, and our reward will be success and happiness in the future.

CLASS HISTORY

Lefty—Hello, Joan. What's new?

Joan—Never mind what's new, Lefty. Remember? Like the twenty historians before us, we're here to be fondly reminiscent about our four memorable years at Bulkeley.

Lefty—Ah, yes! Our freshman year! We were all so shy, so quiet—even Helen Austin!

Joan—And, since we had to be directed to every room in the building, we never got anywhere on time.

Lefty—I especially remember how Jack Vannie got an encore at Torch Night. Frankie himself couldn't have done better.

Joan—He remained as Bulkeley's own "Voice" for the following three years. Lefty—Even way back in '43 Joan DeMino, Brendan Fox, Rosemary Satriano, and Eugene Zwillinger led their classes at Burr and Bulkeley.

Joan—Yes, it was in that year that all four met at the annual State Latin Contest. Lefty—Another thing, Joan. Do you recall how we used to save our money to

buy War Bonds and Stamps every week?

Joan—Of course! And none of us will forget how proud we were of our Minute Man Flag. Then, in the fall, following a quiet freshman year, things began to pop at Bulkeley when the rest of the Class of '47 arrived from Burr.

Lefty—Yes, even those from Southwest must admit that '45 was Bulkeley's best year in sports. We won all three city championships, and it was the only time Bulkeley has ever beaten the New Britain football team!

Joan—Danny Simeone, though only a sophomore then, played on that all-star football team. And on the basketball team there were "Moon" Curtin, "Moe" Molloy, Don Scott, Hugo Torza, and George Blasko.

Lefty—Remember, Joan, we won the baseball championship, too, that year. On that team were George Damato, Tommy Williams, Frank Barry, Don Scott again, Kenny Selander, and—

Joan—And Lefty Johnson!

Lefty—The boys weren't the only ones to shine on the athletic field, though. Do you remember Parents' Night of our sophomore year when all the boys flocked to the gym to see the Leaders Corps' exhibition?

Joan—Why, of course! I shall always remember Helen Bozek and Ethel Akin as they soared over the high jump! Lefty, wasn't it exciting when we entered our junior year and were so proud to call ourselves upper classmen?

Lefty—Yes, and that was when we began to go regularly to all the dances and games. I guess we had finally lost our freshman inhibitions.

Joan—What a year! Remember what a thrilling time we all had at the Sno-Frolic?

Lefty—And at the Maytime Hop, which was probably the best sport dance Bulkeley has ever had!

Joan—I remember how busy our Chairman, Tommy Williams, was, preparing everything for the Junior Prom.

Lefty—It turned out to be a great success both for enjoyment and decorations, especially the bird bath and the pansies in the novel rock garden that had been built in the center of the floor.

Joan—When the girls heard that on Parents' Night the boys would put on a gym program, how they crowded the balcony!

Lefty—Yes, they went just to see how their boy friends look in gym shorts! I can recall big Danny Simeone struggling to turn a somersault, but he finally succeeded.

Joan—As summer drew near, we began to feel like seniors, especially when certain of our classmates were elected presidents of all the important school activities. Mary Mazurek and Louis Tedeschi became editors of the Torch with Lorraine Lussier and Lorraine Oslund heads of the Business Board.

Lefty—Then, Brendan Fox and Jane Zwillinger were chosen editors of the Dial and Betty Lou Finn its business manager. Rosemary Satriano and John Reardon were elected presidents of the Girls' League and Boys' Club, and Beryle Gigle, President of the Girls' Leaders Corps. Also, Howard Chellman was elected President of the Honor Society.

Joan—And finally, in September, 1946, our class walked proudly into senior session rooms! That year might well be called the "Hurry-up! You-have-hundreds-of-things-to-do" year. Everyone was busy.

Lefty—Yes, first there was the annual Girls' League-Boys' Club Dance.

Joan—Then after weary weeks of rehearsals came the Senior Dramatic Club presentation of Craig's Wife.

Lefty—Dick O'Connell and Ruth Coiteux definitely deserve unlimited credit for their fine performances in that play.

Joan—And then Torch Night!

Lefty—Didn't the audience love us Kalendar Kids, Tommy Williams, George Blasko, Jack Reardon, Dick O'Connell, Bob Smith, Walter Curylo, Tommy McDonnell, John Stavola, and Bill Dunphy?

Joan—Oh, remember Marilyn Landers' singing My Hero to Dwight "Blight" Eames?

Lefty—In the Freedom League Oratorical Contest, Brendan Fox took first place with Bill Holt second.

Joan—Yes, and for weeks afterward the girls repeated Brendan's stirring closing words "God give us men."

Lefty—Well, a few couples were content — Jean Powers and "Moe" Molloy, "Moon" Curtin and his junior, Joan Lauritzen and Bob "Radio" Gibson, Don LaFontaine and Shirley Keller among others.

Joan—Lefty! We've forgotten someone!

Lefty---Who?

Joan—Johnny Johnston! Who will ever forget his arrival last September when he proceeded to make history all by himself?

Lefty—Yes, he's certainly been B.H.S.'s own Casanova. Another thing, Joan, don't forget the new swimming team.

Joan—Of course. The very first one at Bulkeley began just in time for our aquatic seniors, Fred Kendall and Lefty Johnson, to show their abilities.

Lefty—After the Christmas vacation we began all the exclusive senior affairs: elections, the Senior Banquet; elections, Senior Night; elections, the Senior Reception; elections, and —

Joan—Yes, elections. Tommy Williams, after having been Chairman of the Junior Prom was elected Chairman of the Senior Reception.

Lefty—He and his Committee, Marjorene Abbe, Dorothy Broda, Rita Morrison, Jean Powers, George Blasko, Jimmie Curtin, and Don Scott, gave us a super banquet, n'est-ce pas?

Joan—Mais oui, monsieur! But we must mention the always heavenly, the one and only Sno-Frolic! Lorraine Brown and Danny Simeone were the King and Queen for the evening, surrounded by their Royal Court. Elpida Macris did her share of the artistic work, making decorations and posters.

Lefty—Remember Walter Leibowitz's inimitable Russian accent when he played the looney dramatic school director in "Stardust", the Dramatic Club's spring play?

Joan—Claire Prisco, John Stavola, Dwight Eames, Patricia Crane, Walter Curylo, Elaine Schaperow, Victoria Freda, Virginia Casale, Josephine Giarratano, Barbara Celentano, Eileen MacGregor, and Fran McCarthy, President of the Club, deserve recognition for their noteworthy performances.

Lefty—At Senior Night I liked the way Brendan Fox, John Stavola, Roy Madeia, and Howard Chellman sang Kilroy Is Dead — and the commercials!

Joan—Remember Dot Hartwick dragging in Fran McCarthy and his auto? And Eileen MacGregor in the Senior Night Gym class?

Lefty—Marie Carey out-Coloneled Col. Williams himself.

Joan—Yes, but the biggest hit of the evening was Robert "Hildegarde" Smith with his immortal arrangement of "The Old Apple Tree", a priceless hit of Americana!

Lefty—Why, sure. But oh, how we danced on the night of the Senior Reception! Congratulations again to Tommy Williams and his committee.

Joan—Only memories remain of the Senior Reception; there are but a few days of school left; and Class Night, one of the very last events of our years in high school, is almost over.

Lefty—Yes, and if school is any indication of the future, then B.H.S. is sending 370 potentially great young Americans out into a world which will welcome them as capable citizens and industrious workers.

CLASS WILL

INCE we, the Class of Nineteen Hundred and Forty-seven, feel that we have accumulated an unusual wealth of knowledge and experience during four years at our Alma Mater, we wish to stipulate how this wealth shall be distributed among the generation which will succeed us at the Morgan Bulkeley High School, in the City of Hartford, in the State of Connecticut, U.S.A. Accordingly, being of sound body

and of as sound mind as we shall ever be, we constitute this document our Last Will and Testament, to be made public at the time of our departure from this high school life.

To Dr. Feingold, Dr. Dargan, and the entire faculty we leave our undying gratitude for the individual guidance and advice they have so generously offered us during one of the most important phases of our lives — these past four years.

Bob Molloy leaves us reminded of "the man who didn't come to dinner." (The

Senior Banquet.)

Angela Metropolis and Audrey Meisterling leave without their armful of Torches on Friday afternoon.

Joe Namnoun leaves — still the big politician.

Jimmy Pierce bestows his curly hair upon Barbara McCormick. Dot Quirk leaves sister Joan to carry on the Quirk hospitality.

Having disposed of the chief items of our wealth, we leave such trifles (?) as Gene Zwillinger's genius in chemistry, May Fitzgerald's coquetry, and Rosemary Satriano's tact to be impartially distributed to all those of the next generation who need them.

And last, but certainly not least, Dwight Eames, Bill Dunphy, Jack Reardon,

and Paul Farina leave John Papa to fill a gap left in the football line.

With our duties at an end, and the property of the Class of 1947 bestowed upon others, we, the Class Testatrix and Testator, draw this Will to a close and solemnly prepare to depart from this academic world. Here in the presence of many witnesses we duly affix our signatures on this the eighteenth day of June, one thousand nine hundred, and forty-seven.

DOROTHY L. HARTWICK ROBERT W. SMITH

CLASS PROPHECY

Time: June, 1957.

Place: South Station, Chicago.

Action: Both preoccupied, enter from opposite sides of stage. J. S. is glancing at watch and walking hurriedly, head down. M.A. is looking backward. They walk into each other, murmur apologies, continue walking. Each hesitates, turn at same moment.

- J. S. and M. A. (simultaneously)—Say! Don't I know——!
- J. S.—Sure! Bulkeley—class of '47. Marion Anderson, isn't it?
- M. A.—Right! And you're John—Stent! In what direction are you going?
- J. S.—I've been out on the west coast for several months. Now I'm heading for a vacation in Connecticut.
- M. A.—It's too bad you didn't get back in time for the reunion last week. We had a grand time.
- J. S.—Yes, I was disappointed. But tell me about the kids: what are they all doing?

M. A.—Isn't that asking for rather a lot? After all, ours was such a distinguished class! But I can give you some of the latest news. Of course, Marge Abbe was unable to attend because she could find no one to stay with her young triplets. Ethel Akin and her husband have been highly successful in producing a new breed of dog. I think they call them cheerleaders. Francis McCarthy and Dick O'Connell were able to run up from New York, but they were a bit preoccupied with the new show they're directing. It seems that the leading lady is very temperamental, but then, these fleas will act up before a first performance. They were fortunate to be able to engage Walter Leibowitz as barker. As you know, he has been highly successful in that field. You'll be happy to learn that Jane Zwillinger and Joan Lauritzen have finally reached the heights they deserve. They are elevator operators in the Empire State Building. Angela Metropolis and Helen Austin were discussing plans for their new homes. It seems that they intend to have soundproof floors and walls. Surely, you remember that they always hated noise and disturbances of any sort. Of course, Clara Prisco was there.

J. S.—Clara Prisco? It seems to me I have seen her name recently.

M. A.—Probably you have. She has a popular "Advice to the lovelorn" column. Doubtless you have heard of Marilyn Landers' great success as a choir mistress? She revealed that she has great expectations for some of the inmates of Alcatraz. Lorraine Brown was at the reunion looking very smart with her pigskin accessories. Strange, isn't it, that since leaving Bulkeley she has been so fond of things fashioned from pigskin? Joseph Amaio and Virginia Lumsden dropped over from their new club. Poor Joe was suffering from a sprained jaw. I always feared that drumming would prove too strenuous for him! John Vannie was, I'm afraid, feeling very tired. Being responsible for so many orchestras must be a great strain. After all, turning all those records is quite a task. Did you know that "Cookie" Broda, Jean Powers, and Lorraine Oslund are modeling? Clay, I believe. But that's enough from me. You must have news yourself.

J. S.—As a matter of fact, I have. When I was in San Diego last month, I visited one of "Moe" Molloy's newest night clubs and saw Bob Smith leading America's number one orchestra featuring Al Forte and his magic trumpet. I've heard quite a bit about him and, speaking of music, I read in "The New York Torch"—that's headed by Bill Holt, you know—that Rita Haaser is scheduled to sing at the "Met" starting next month. She will be assisted by Professor Robert Gibson, and her publicity agents now are Horace Mah and Margaret Egan. Have you seen any of Dwight Eames' or James Williams' paintings up in Jagielski's School of Art? Betty Lou Finn, one of its graduates, is now designing costumes for Dot Hartwick's ballet which opens this summer at Dolores Kelley's Music Hall in Gay Paree. Tom Spano and Dick Saich, the two top photographers for Dan Rosborg's new magazine, "Peek," were on hand when David Aubin tested Mike Delia's new rocket ship directed for Mars.

M. A.—Really? I knew Dave would go far. Oh! I must tell you! Dr. Louis Tedeschi has just finished intensive study which he hopes will enable him to replace

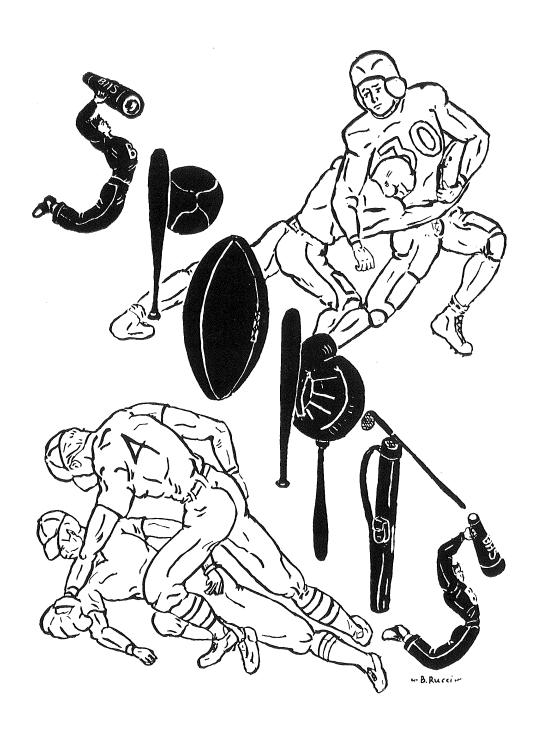

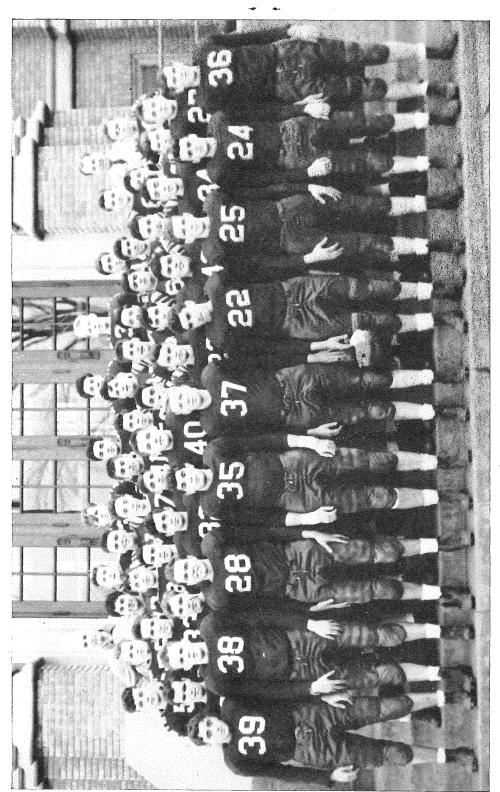

Dr. Kildare. The Doctor's nurse, Diane Sinatro, was feeling rather bad. It seems that she left the top off a bottle of chloroform in the operating room and the surgeon dropped off before the operation got under way. It's so unusual for Diane to do a thing like that! We were interested to hear that Beverly Knoll and Elpida Macris are traveling around the country together. I have always thought that painting billboards must be a fascinating business. That brings to mind Lorraine Blesso. Don't you think that her new "Burma Shave" signs are clever? I wish you could have seen Howard Chellman! He didn't have time to change after his performance and arrived resplendent in the pink tights which he wears in his trapeze number. Alfred Bowman is working for the city: I understand that he looks wonderful in the new street cleaner's uniform. While we were singing, something happened to the piano, but fortunately Irene Vallera, the piano tuner, was on hand to help us out. Rita Bumster and Dick Patterson were quite excited about their new jobs. It seems that they have finally secured places on that panel which tastes and criticizes various kinds of tea. Let's see—Dominick Arienzale is doing engineering work in the tinker toy factory, and, oh ves, after exhaustive research Eugene Zwillinger believes he has conclusive proof of at least two places where Kilroy has not been! But I'm sorry. I interrupted you quite a while back. Do go on with what you were saying.

- J. S .- Doctors Beryle Gigle, John Stavola, and Brendan Fox, accompanied by nurses Rose Flamio, Rita Morrison, and Mary Tanasi, have agreed to go on an expedition into the unknown jungles of Africa to find the noted biologists Frank Barry, Bill Dunphy, and Tommie Williams, who were reported missing in their search for rare butterflies. Dan Simeone has just made another "Tarzan" movie with Shirley Keller as his leading lady. Walter Curylo was last seen headed for Hollywood to direct, produce, and star in Joan DeMino's famous best seller on atomic research, "The Bomb and I." I suppose you've heard Franny Sena's new radio show. Johnson and "Peanuts" Johnston, the famous battery for the Brooklyn Dodgers, were her guest stars last Sunday, and next week Jim Curtin, the noted authority on teaching American basketball to Eskimos, will be Frannie's guest. You remember Don Scott. don't you? He's the fellow who made all-American when he played for Trinity. Well, I saw Jean Gunning the other day and she told me that "Scottie" has just been appointed President Reardon's official dentist. Jean should know; she's "Scottie's" nurse. Incidentally, I hear that Senator Tom McDonnell and Governor George Damato have been re-elected.
- M. A.—Good Heavens! If I am to catch that train, I shall have to dash madly. It's been splendid seeing you again.
- J. S.—I must be on my way, too. I'll see you at the reunion next year: I certainly don't want to miss meeting all the successful people in our class another time!

THE 1946 FOOTBALL TEAM

FOOTBALL

The 1946 Bulkeley football team will long be remembered by all the students and fans who saw it perform on the green turf. Possessed of a great fighting spirit and a keen sense of competition, the Maroon warriors brought much athletic prestige to the southend school through their determination and fine brand of football.

Aside from the players themselves, a great share of the credit must go to Coach Arthur "Babe" Allen for the excellent manner in which he moulded the Maroon-clad raiders into such an efficient football machine. One of the better coaches in the state, "Babe" was rewarded by a successful season, nearly an all-victorious season.

Opening at home, on the last Saturday in September, the Maroons were up against a West Haven team coached by former Bulkeleyite Whitey Piurek. Just a week before, the West Haveners had upset a favored Torrington team by a 20-0 score. For fifty-eight minutes the ball game had see-sawed back and forth with first Bulkeley and then West Haven threatening to score. With two minutes remaining, Dan Simeone, the Maroons' best ground-gainer of the day, turned passer, and from the West Haven thirty-eight yard line heaved a strike to Quarterback Don Scott, who snared the pigskin on the twenty-five yard line and, with Al Dobrutsky blocking out two potential tacklers, dashed over for the score. The kick failed, but it didn't matter, for a few seconds later the game ended with Bulkeley on the long end of a 6-0 score.

Idle for two weeks, the Maroons next engaged Hartford High at Municipal Field in the opening game of the City Championship race. With a lighter but faster Bulkeley forward wall pushing the Owl line all over the gridiron, and Simeone and Scott, along with Barry, Osalza, and Blasko running the Hilltoppers ragged, the Allenmen soundly trounced the Blue and White. In the opening period, Barry climaxed a long drive by going over from the four-yard line. Simeone cracked the middle of the HPHS forward wall to add the point. The half-time score showed Bulkeley ahead by a 7-0 margin. Early in the third period, "Muzzy" Mazzarallea, pint-sized Hartford quarterback, took one of Barry's punts and behind beautiful blocking dashed sixty-nine yards for a touchdown. The extra point was no good, and BHS led 7-6. Here, however, the Maroon began to roll, and twice Scott pitched to Dobrutsky for scores, Dobrutsky making two sensational catches of those heaves. In the final period Georgie Blasko spun five yards around his own left end for the final six points. The final score was 25-6 in favor of the Southenders. The entire Bulkeley forward wall played heads-up ball, with Dobrutsky outstanding as a pass receiver. Eames, Reardon, Farina, and Dunphy in particular played outstanding ball. Simeone again gained more yardage than anyone else and played the best defensive game on the field.

With two victories to their credit, the Maroons next took on a fair Bristol squad at Municipal Field. On a cold, dismal, rainy afternoon, the Southenders exploded for three quick touchdowns to down the stubborn Bristol boys. The first score saw Scott bulling his way over from one yard out and Simeone smashing over tackle for the extra point. Leading 7-0, the Maroons again started rolling, as Simeone and Barry spearheaded a drive across midfield from which Scott passed to Louie Malizia

all the way to the Bristol twenty-two-yard line. Simeone and Osalza smashed to the eleven from which George Blasko skirted around end for the tally. A Scott-to-Dobrutsky pass was good for the extra point, and the score was 14-0 as the half ended. Bristol managed to dent the Maroon goal line in the third quarter and make it 14-6, but about half-way through the final period, Simeone smashed off his tackle spot and dashed sixty-nine yards for the third marker. Scott again passed for the extra point, this time to Malizia. Simeone again played a fine ball game, his long touchdown run being a beautiful thing to watch.

With three victories in a row, Coach Allen sent his Maroon raiders to Waterbury to play a better than average Crosby High team. Before a slim crowd, the Southenders waited until the second half to put on their display of fireworks. Frank Barry, unheralded halfback, was the big reason for the Maroon triumph as he smashed his way across for scores to pace Bulkeley to a 13-0 victory. This was by far Barry's best running performance of the year, and with his running mate Danny Simeone gained more yardage on the ground than the entire Crosby backfield. Moe Bielonka and Paul Farina played good ball, as did Dunphy, Reardon, Eames, and Malizia.

Returning home for the second game in the city title race, Coach Allen could have used his water boy against a hapless Weaver team that eventually finished its season without a victory. Hardly had the spectators seated themselves, when Don Osalza took a reverse from Scott and ran fifty-one yards for the score, with no one laying a hand on the rugged Maroon halfback. From here on it was all Bulkeley, as Scott tallied from up close shortly after, and a pass gave the Maroons a 14-0 lead. After the second half had begun, Dan Simeone electrified the spectators with a sensational eighty-one yard touchdown sprint. After taking a reverse from Scott, Simeone ploughed through his right tackle post and steamed his way down the near sideline for the third Bulkeley score. The conversion made it 21-0. The final tallies were scored by Tony Mirabella, sensational soph, on a thirty-two yard dash, and Simeone on a short line smash. Weaver managed to pass for one score, but at the game's end the Allenmen were returned the winners by a 34-6 score.

With only a tie with Hall marring the record, a confident crew of Bulkeley warriors journeyed to New Britain on Thanksgiving morning to see what they could do about snapping a New Britain jinx that has always been with Bulkeley teams save for the year 1944, when the Maroon team won their first game in fourteen years from a New Britain club. A clear, fast field was to have made long runs the expected order of the day, but so far as the Maroons were concerned, they didn't have the ball long enough to generate any scoring drive. Numerous bad breaks in the early moments of the contest seemed to demoralize the Allenmen, and even the strong passing arm of Don Scott was not in form, as all passes failed to bring scoring opportunities to the Maroons. The scrappy Bulkeley line just couldn't plug up the holes as "Red" Wallace smashed his way over for two tallies to give the Hardware City team a well-earned 14-0 decision.

Thus the Allenmen rang down the curtain on a successful season which saw them win five, lose one, and tie one. In recognition of their outstanding play Dan Simeone, Don Scott, Jack Reardon, and Al Dobrutsky were picked on the *Courant's* All-District team, while Simeone was picked on the second All-State team and Scott, Farina, and Reardon received honorable mention.

The students of Bulkeley can well be proud of this year's fine team, which established not only a fine football record but, under Coach Allen's guidance, a fine sportsmanship record as well. We can all be proud of this club.

BASKETBALL

Although it never reached the heights predicted for it by pre-season basketball experts, Bulkeley High's Maroons did, however, manage to win ten out of fourteen regular season clashes and were once again entered in the Class A tournament at New Haven, where they dropped the duke to powerful Bridgeport Bassick. Man for man, this year's quintet was the equal of any in the state, but except for one or two instances they never seemed capable of clicking as a unit.

The court season opened at West Hartford, where Coach Allen's tall and veteran array were to oppose a likewise tall and experienced Hall club. Except for the first half which ended in a 12-12 deadlock, the Maroons were never in the contest that ended 31-20 in favor of Hall. A tight defensive battle until the second half, the game resulted in a cakewalk for the Westsiders, whose zone defense had the Allenmen checked all the way. Jim Curtin paced the impotent Maroon attack, scoring six points, while Ray White, 6 foot 4 inch junior, had five.

Returning to the familiar surroundings of the Bulkeley gym, the once beaten Maroons swept to an early lead over East Hartford that was never threatened. As White and Scott each accounted for 11 points and Hugo Torza added 10 more, the Maroons played heady ball to win the easy 53-37 decision. George Blasko and "Moon" Curtin were defensive standouts, Curtin also adding 9 points to the Bulkeley total.

In the way of presenting Coach Allen with a Christmas present, the Southenders completely outdid themselves in thumping West Haven 49-30 at the Elm City. Completely upsetting the down-state team from the very outset, the Maroons just wouldn't be beaten as they did little wrong. The passwork was flawless and the shooting was never better as the Hartford five won its second game in three starts. After outscoring the home club by the phenomenal margin of 17-2 in the third stanza, the ball game developed into a runaway. "Moon" Curtin and Ray White each accounted for 14 points to play important roles in the one-sided triumph.

In the first game of the city series, the Allenmen opposed Weaver at the Southend ball yard, and after a first period scare managed to get their attack rolling enough to win a comparatively easy 44-32 victory. Jimmy Curtin, one of the better ball players in the state, led the scorers with 14 points, but it was two timely hoops by the defensively brilliant George Blasko that turned the tide of the game in the first half. A good night from the free throw line proved to be the main reason for the Southenders' success.

Traveling to Meriden in quest of their fourth straight victory, Bulkeley barely came back with it, as a stubborn home team, always hard to beat at the Meriden Armory, played well above their heads but just couldn't make the grade. The final score was 44-42, Bulkeley, with Jim Curtin and Ray White getting 15 and 11 points, respec-

tively. However, it was pint-sized Hugo Torza, plucky BHS forward, who was mainly responsible for the victory by dumping all of his 10 points through the hoops in the final half just when it appeared the Red and Black were headed for victory. Paul Marianella played well in subbing for the injured Don Scott.

With Curtin notching 14 points and White adding 10, the Maroons came through for their fifth straight victory by stopping New Britain 42-39 at the Bulkeley court. Seemingly well in the van for the first three periods, the Allenmen suddenly found themselves in trouble as the visitors began to hit from the midcourt. Late in the final period the Southenders had their lead clipped to one point, but Curtin hooped a one-hander and Scott tallied another to set up the winning margin. Aside from Curtin and White, Scott played a good defensive game and George Blasko did likewise.

Breaking a five-game winning streak, the Allenmen met HPHS at the latter's court and lost a heartbreaking 47-46 decision as Ray White's foul try, the second of two, "just wouldn't do as daddy said," rolled gently around the rim, and dropped off, all with two seconds remaining in the game. Leading 36-30 going into the final period, mainly on the strength of White's bucket shooting, the Bulkeleyites suddenly saw Hartford begin a torrid stretch drive that ended in ultimate victory. White led all scorers with 20 points, while Paul Marianella, heretofore a defensive standout, copped 10. Scott displayed a good eye from the half floor.

The next tilt on the schedule was a return match with Meriden, and in a game that was to have been close, the home team just didn't let the Meriden five get started, winning an easy 51-38 verdict. Exceptional foul shooting was the key to the Maroons' success, as they tallied no less than 19 points on foul conversions. Ray White was again high scorer, tallying 16, while Curtin and Marianella had 14 and 11 respectively.

Sweeping to a first period lead of 13-2, the Allenmen gained sweet revenge on Hartford High, as they soundly trounced the Owls 48-31 before a packed gallery at the Bulkeley playing surface. The Maroons were never headed as Scott, White, and Curtin tallied 12, 11, and 10 points each. Even when the regulars left the court in the final period, Moe Malloy and Joe Arzaniewicz kept up the scoring parade that saw Hartford outclassed all the way in one of the Southenders' better performances.

In the most hectic affair of the season, the second BHS-Hall game, the Bulkeley quintet, determined to defeat the West Hartford entry, fell behind in the first half which ended with Hall leading 20-12. With tall Ray White scoring 16 points, the Maroons suddenly came to life with a torrid last period rally that left the visitors hanging on the ropes, but which failed by the slim total of two points to turn the tide. Several times in the final canto the home forces had the game seemingly tied up, but had baskets disqualified for one reason or another and thereby lost the contest 32-30. George Blasko was a great standout for the Maroon and White five, playing heads up ball at all times, while Don Scott also played commendable ball.

Even though they experienced their worst night of the season at Weaver in the second game between the two schools, the Maroons still had enough to whip the Northenders easily, 37-24. Superior height and good defensive play by the Allenmen were the main reasons for the victory. Ray White accounted for 14 points to pace the unimpressive Bulkeley attack. An interesting sidelight is that Weaver did not tally a single field goal until the final half, having only six points, all on foul conversions, at the culmination of the first half.

Having now won eight of eleven games, the Hartford club journeyed to New Britain to reencounter the Hardware City five. The Stanley Arena, which is the home court of the Red and Gold, proved to be just as fatal to BHS as it has to many other teams who play New Britain there. Finding themselves well in the rear at the half,

THE 1946-1947 BASKETBALL TEAM

the Allenmen found the range in the third period and carried a rally from late in the stanza over into the final period, closing the gap to 32-30 with six minutes left. Here the home club, staring defeat in the face, began to smoulder, and fairly scorched the new uniforms from the Bulkeley team's backs. A pair of set shots by Trombetta was all the home club needed to win easily, 41-32. Curtin had nine points for Bulkeley.

East Hartford was victim number nine, as the Maroons, with "Moon" Curtin playing his best game of the year, pounded out a 40-31 decision. With White, rangy center, sitting this one out, Curtin assumed his old role as bucket man and hooped a total of 16 points to garner scoring honors. Scott followed with 7 and Blasko, Mal-

loy, and Torza played good floor games.

At the final game of the season at home, West Haven furnished the opposition. Joe Arzaniewicz and Ray White paced a second half drive that insured a 32-23 verdict. After playing on even terms for almost one half, the downstate club fell apart in the final period, garnering but 7 points. This game ended the regular season and set the stage for the one tourney game at New Haven.

The Bulkeley five couldn't have drawn a tougher opponent than powerful Bridgeport Bassick. For only one half did the Hartford entry give the Lions any trouble. After that it was just a matter of how high the score would go. The final score was

46-26 for Bassick, Curtin leading the Maroons with 11 points.

This ended the basketball careers of a number of excellent basketball players at Bulkeley. "Moon" Curtin was perhaps one of the finest court performers seen at Bulkeley in many a "Moon." Hugo Torza and Moe Malloy were two of the scrappiest men that any coach would want on his team, Torza, the human jumping jack, always in there after the ball, and Malloy always hanging on and scrapping hard. Scott, a fine football player, was equally good on the hardwood floor, and Blasko, a sensational floor man, and perhaps the best team man on the squad, was a terror on defense, content to let others score, never expecting credit and never getting enough. Tony Angelastro, a boy who saw limited service, played good ball while in there. All these boys performed well on the court, showing a fine knowledge of the game and exhibiting good sportsmanship, the essence of any sport. It is with the hope that they will be as successful in life as they were on the basketball court that we congratulate them and wish them good luck. We also wish to congratulate Mr. Allen for his inspirational work and wish him luck in the years to come.

GOLF

Bulkeley High's veteran Golf club, coached by Mr. Quinn, has, to date, engaged in one match which resulted in a Maroon triumph, 12-6. Led by Frankie Procaccino who carded a 79 over the Goodwin Park course, the Maroons showed the form that last year made them one of the top scholastic links combines in the state. Hugo Torza, Jim McPhee, Proccaccino, and Paul Marianella are slated to meet no less than ten opponents. The Maroons, who operate from their home base at Goodwin Park, have yet to engage HPHS, Newington, Weaver, Farmington, and a return match with Manchester. The Tom Quinn outfit meets all of the above mentioned in two games. Hugo Torza is the only senior on the squad and is the Captain. Having a great knowledge of the game, Torza confided that he has high hopes of copping the state scholastic golf championship this year. That this is more than a possibility is shown in the performances of the four-man squad and substitute "Trigger" Lynch. The boys are potential Hogans, Nelsons, and Joneses.

BASEBALL

After having been rained out of three scheduled contests, Bulkeley's baseball team finally got a break from old Mr. Jupiter Pluvius, and took advantage of it to defeat Weaver of the Northend 3-1. In a tight defensive game Babe Allen's crew took advantage of the erratic flinging of untested Tommy Lee, Weaver hurler, to give ace righthander George D'Amato his first mound victory of the season. Although giving the Green batters five hits, one more than Lee allowed, D'Amato fanned no less than thirteen of the Weaver batsmen and was in trouble only once, in the final frame, when the home club tallied its initial and only marker. Lee, pitching for the first time in a scholastic ballgame, was a fine pitcher, but wildness overshadowed his fine four-hit flinging, thus resulting in his first defeat of the campaign.

Things started popping in the third as backstop "Moon" Curtin slammed a clothesline single to center. Passes to D'Amato and Selander filled the sacks but Johnson skied to short center, the runners holding their respective bases. Here the inexperienced Lee committed a balk, sending Curtin home with the Maroons' initial tally, and when Al McCue walked, the bases were again fully populated. Frank Barry connected for a one-base knock to send D'Amato home, leaving the bases still full. Mitchell grounded to the second baseman, with Selander scoring on the play. Perez ended the inning by flying to center.

D'Amato coasted along until the ninth when Al Linden singled, stole second as brother Dick fanned, and eventually scored on a fielder's choice with D'Amato just missing him at the plate. Here the diminutive righthander bore down getting the next two men in order, and the Southenders had their first contest safely tucked away in their back pockets.

For Bulkeley it was not only the first win of the campaign, but it also gave the Allenmen the lead in the race for city honors. Aside from the singles by Curtin and

THE 1947 BASEBALL TEAM

Barry in the "big" third; the only other hits were collected by Barry, his second, in the eighth and Al Dobrutsky in the ninth. Coach Allen pulled several surprises as he started Perez at short in place of Scott, and Mitchell at second in place of Dunphy. The starting lineup aside from these changes, had Curtin behind the plate, D'Amato on the hill; Barry at his old station at third, Selander on first, and an outfield composed of "Lefty" Johnson, Al McCue, and "Chic" Camarco. Scott, Dunphy, and Dobrutsky were added to the lineup in the later innings.

The team as a whole looked like a prospective title winner, but the pitching will definitely have to have more support from the batters. This club has a good chance to win the first Moylan Cup, a trophy which will be emblematic of the top schoolboy diamond aggregate in the greater Hartford area. Seniors on the squad who are playing their final year at BHS include Don Scott, Frankie Barry, Bill Dunphy, Jim "Moon" Curtin, Kenny Selander, "Lefty" Johnson, Al McCue, "Chic" Camarco, George D'Amato, and Billy Fitzgibbon. For next year Coach Allen will have a fine array of talent to fall back on in the persons of Andy Demos, Al Dobrutsky, Joe Perez, and Dick Mitchell, to mention just a few. We all wish the team luck in its coming games with Hall, EHHS, New Britain, Hartford, and Weaver.

SWIMMING

This year a new page was added to the sport pages of Bulkeley High School, as a long-awaited swimming team was organized under the direction of Coach "Flash" Atlin. Although the Maroons engaged in only four dual meets this year, prospects are bright that in the coming years the Southend school will become the home of some of the better swimming teams in the state. Under Mr. Atlin's expert coaching, a green, untested BHS swimming club composed mainly of juniors and sophomores managed to come through and win two of the four meets that were run off.

Looking at the whole affair with the idea of just experimenting in mind, Coach Atlin was very much surprised and pleased as his hardy crew, paced by "Lefty" Johnson, almost turned the trick against Manchester. Experience, always known as the teacher, told the story of that meet. In the second meet of the season the Maroons downed a team of YMCA swimmers constituted of various swimmers from the other greater Hartford schools. Once again it was little "Lefty" Johnson who snared first place honors in the 100 and 220-yard freestyles to pace the Maroons. Ed Gonthier and Micky Oliver placed one-two in the diving for the second time in a row. Major

Johnson, Ed Dengenis, "Creepy" Ryan, Jim Crowley and Gene Knorr also looked

impressive. All but Crowley are juniors or sophomores.

With a fine finishing relay, the BHS mermen captured their second tank victory by edging Meriden in an exciting contest at Hillside pool. The meet was close all the way, and by garnering a goodly number of second and third places the Maroons piled up enough points to gain the verdict. The most exciting event of the day was the final relay when the team of Major Johnson, "Lef y" Johnson, Fred Kendall, and Dick Ryan just did finish ahead of the Silver city tankmen.

The final meet of the season saw the Maroons succumb to powerful Springfield Tech of Massachusetts. The stronger, more experienced ducks of the Bay State team showed that they were more at home in the water than the Hartford crew by capturing almost every event in sinking the Atlin-men. Here Ed Gonthier ended a perfect

season: he was victorious in the diving in each of the four meets.

It is hoped that swimming will become one of the major sports at Bulkeley in the future, and best wishes are extended to Coach Atlin, who has a great portion of this year's squad returning next year.

TRACK

Promising! That's the watchword of this year's track team. As this is being written, the trackmen of Bulkeley High have engaged in only one meet thus far. Coach Tom Daly's charges lost that one encounter to a strong Wethersfield High team by the slim margin of 54-50. Although the Maroon and White team captured only three first places, they did pile up a great many numerals on seconds and thirds. Big "Moe" Bielonka managed to heave the javelin 165 feet to capture an easy first in that event, while Bob Smith took third. Lou Malizia was victorious in the 100-yard dash, with Charlie James a close second, and "Peaches" Pirog romped to a convincing victory in the half mile, with Gene Knorr second and Peterson third. Those, then, were the first for Bulkeley. Aside from these, Bob Glass took a second in the quarter mile and John Maurer a third. Lou Malizia jumped 20 feet to garner second place in the broad jump, while Pete Zerio and tall Eddy Wroble took second and third respectively in the high jump. Nick Mastors had a second in the mile run, and James and Malizia were two-three in the 220-yard sprint. Dwight Eames and Charles Lincoln placed second and third in the discus throw. No Bulkeley man placed in the shot put, with only Don Osalza coming close. Wethersfield won the exciting relay, but the Maroons gave the Class B relay champs a great run.

The close score showed that the Dalymen will bear watching in the future, and will certainly win their share of meets. Aside from the Greater Hartford meet on Memorial Day, the Maroons are scheduled to meet East Hartford, Weaver, and Torrington in dual meets; Bristol-Crosby and East Hartford-Hall in triangular affairs. Seniors who are with the team include Pete Zerio, Ed Wroble, John Maurer, Dwight

Eames, Charley James, Jack Reardon, and Bob Smith.

Coach Daly should have a fine team next year with such capable performers as Glass, Malizia, Henaghan, Finn, Dorval, Bielonka, Osalza, Silbo, Mastors, Pirog, Knorr, Peterson, and Lincoln, which is a very imposing array of talent. Next year should be a good year, and the senior class extends its best wishes to Coach Daly and the aforementioned group.
